

Important Announcement

At People's Energy Cooperative, we value our members and are committed to providing you with safe and reliable electricity.

Many homeowners aren't aware that the exterior electrical lines and components on their property are their responsibility. If a breakdown in this line occurs, it is up to the member to find an electrician and pay the repair costs.

Look for more information in the December newsletter and future mailings about our new partnership with HomeServe to offer optional Exterior Electrical Line Coverage.
